THE ROAD SCANDAL.

The miserable and long neglected state of the local roads is compelling our most conservative citizens to the utterance of the most hostile and uncompromising criticism of the official whose duty it is to see that the town streets and highways are placed and kept in a reasonable condition for public use, and are renewed and mended whenever necessary.

From all sides has come the one complaint, and for weeks we have been urged to speak on this all important subject, until we are compelled to voice the sentiments of this community and to demand in the name of that community some explanation and redress.

It cannot be urged that pecuniary difficulty intervenes, for a large amount has been placed to the road account. Over three thousand dollars has certainly been accessible to the hand of the road overseer, and yet we have been the victims of a road management that has rendered it possible for those roads to be a menace, a danger and a discomfort to the traveling public.

It is a fact that a driver, lately, could not be procured to drive a family home from the depot to their residence above town so dangerous were the roads to be traveled. We only cite this small instance as an example.

It was urged yesterday that the flood gate was allowed to remain half way open and the sand to block that gate and prevent it from being closed, and this without an effort on the part of the responsible official to correct this inconvenient and perilous position.

It has been no question of rain. The roads have been uncared for, and their condition execrable during the fine weather, while louder and louder has grown the murmur of discontent.

There has been, and is, no excuse. Of money there is an abundance, and labor could always be had.

Where then is the reason why the people of this district have had roads that have been for long, and are, disgraceful, and why do men who use these roads describe their condition, not only as bad, but as extremely dangerous for vehicular traffic?

The roads are for the use of the people. Their care is entrusted to an official whose conduct is guarded by responsible bondsmen, and the law has been compelled, of those moneys for the care and repair of the streets and highways, and now the people ask that their rights be conserved.

AN American predicts that ere long the French will be in full enjoyment of a revolution or will go to war with England. This latter step will be taken to save the government. It is getting time that France distinguished herself by revolution, or by a war waged upon

her by a party to save its own existence. This has happened before, and not by any means with the happiest results. Troops are being spread along the channel coast on the French side, and on the British side immense works are being undertaken in the way of fortifications. France may be inclined to set up an emperor. The republican government must find employment for the changeable minds of the people, and this will be done by means of a war which would be supposed to be popular—a war with Great Britain.

Cyrus R. Bostwick, of Huachuca, has announced himself as a candidate for the office of probate judge of Cochise county. Mr. Bostwick is well known as a capable, progressive citizen, and a gentleman in whom the utmost confidence can be placed by the voters of the county. His candidacy will meet with the due and favorable consideration of the people of this county.

Charles Harris begs to announce that he is continuing his business of tailoring and repairing at short notice at his residence in Tombstone canyon this side of the Castle Rock. That he is now in a position to make clothes and to repair and clean them at the cheapest rates and invites the attention of the public to his fine stock of fall and winter goods. s12-1f

MINING APPLICATION NO. 721

Survey No. 1333.

UNITED STATES LAND OFFICE,

TUCSON, ARIZONA, August 15, 1900.

Notice is hereby given that in pursuance of the United States mining laws the Copper Queen Consolidated Mining company, a corporation organized under the laws of the state of New York, by its agent, Walter Douglas, whose post office address is Bisbee, Cochise county, Arizona, has made application for patent for 1500 linear feet of the Sweepstake lode mining claim, situated on unsurveyed land, Warren district, Cochise county, Territory of Arizona, as described by the official plat herewith posted, and by the field notes on file in the office of the Register of the United States Land Office, Gila land district, Tucson, Arizona, as follows, to-wit:

Magnetic variation for all courses, 11 deg. 35 min. east.

Beginning at corner No. 1, identical with southwest corner of the location, and with corner No. 2 survey No. 1186 "White Tailed Deer" lode, a pine post in mound of stones scribed 2-1186 W. T.
